"How wonderful it is that nobody need wait a single moment to improve the world." Anne Frank

Greetings Sisters in the League,

Minute by minute, we are seeing our winter daylight time increase. Such promise enfolded in each of those precious minutes. We just *know* good things await!

We learned that legislation is implementing the action plans of our resolutions. In doing so, we bring life to our works and social justice to vulnerable people and situations in our society. We need not restrict ourselves to just the resolutions of the current year. Sometimes it is necessary to apply resolutions of the past to situations of the present. Please visit the national and provincial websites, not just for the current resolutions, but for a comprehensive list of what has gone on before. One cannot help but be impressed and proud of the work completed before us by so many dedicated and committed women!

May I suggest councils consider:

- a printed list of active and archived resolutions displayed on your parish League bulletin boards and/or meeting room
- an insert in your parish bulletins listing current resolutions
- issuing an invitation to members/congregation (again through bulletin boards and/or parish bulletin) to visit national and provincial websites for their own perusal (National website, cwl.ca, click on "TO ACT ON" then click on 'resolutions by year' and 'archived resolutions'. Provincial website, cwl.on.ca, click on 'resolutions').

Please share this with your CWL members. Also, please ask your members to put their name forward for the Diocesan Legislative committee members as need committee members. Meetings will be by phone and email. They can email me at clanders@fibreop.ca if interested.
